CHANCELLOR Chaudhry Mohammad Sarwar Governor of the Punjab

Chief Minister of Punjab
Sardar Usman Ahmad Khan Buzdar

Raja Yasir Humayun Sarfraz

Minister of Punjab Higher Education

Vice Chancellor Message

Government College Women University Faisalabad (GCWUF), enacted in January 2013 is the only female university that has been empowering women folk through higher education and opening the doors to new vistas of knowledge, employability, entrepreneurship and developing leadership qualities. The University although at nascent stage of development aims to achieve the international standards. The University is offering intermediate level classes in addition to BS, M.A, M.Sc. MS/M.Phil., Ph.D level programmes through highly skilled, experienced and qualified faculty. GCWUF is a platform where we provide freedom, diversity, creativity and conducive environment to achieve excellence in the light of teachings of Islam and the guidelines of the Father of Nation: Quaid-Azam Muhammd Ali Jinnah.

Pakistan is a developing country with more than 50% of its population being female; thus, female enrollment is our unique advantage. The programmes are especially designed with special focus on area that are more specific to the female employability and entrepreneurship. The marginalized and compromised students are accommodated through scholarship based on merit as well as need. Efforts are being made to renovate and develop new infrastructure: academic block, ICT, computer laboratories, female hostels, library, auditorium, play grounds, etc. The students are trained to have creativity and problem-solving skills. In addition to education, emphasis is placed on the character building of the students through different societies to improve their ethical and moral values. The students are trained state of the art technologies to get better opportunities in this competitive world to play pivotal role in the progress and prosperity of Pakistan.

Congratulation to be a part of GCWUF.

The City of Faisalabad

The city Lyallpur was planned by British Government. It was renamed as Faisalabad after the name of King Faisal of Saudi Arabia in 1977. Faisalabad is an international market of yarn and textile. The biggest industrial hub of Pakistan is situated in the province of the Punjab. The city is having population of more than three million people. People are hospitable and city presents a blend of urban and rural life. It has an international airport, industrial area, dry port, hospitals, educational institutions and a unique traditional touch from food to dressing.

INTRODUCTION

The Government College Women University Faisalabad (GCWUF) started its journey as an intermediate college in 1934. It was promoted to Degree College in the year 1944. The postgraduate disciplines were introduced in 1985. The long journey that started with the humble beginning reached its climax when it was granted the status of University on 3rd January 2013. The University is situated near Jaranwala Road not very far from the historical Clock Tower. The University is catering to the needs of more than three million people of the city and of equal number from the surrounding districts. The University is offering educational degrees in various disciplines. The University is a hub of educational, social and cultural activities having a close liaison with business and industrial communities. Including the new campus, the University will have two campuses; the main and the new campus. More than ten thousand students are presently enrolled at GCWUF and this number is expected to increase exponentially. The GC Women University offers Ph.D programs in 5 disciplines, MS/M.Phil programs in 10 disciplines, Master level programs in 17 disciplines, and Bachelor Programs in 30 disciplines. The current faculty of GCWUF presents a blend of enthusiasm, sincerity and dedication. Already moderately equipped laboratories and a commitment to remain intact with modern teaching and research techniques are the main academic distinction of GCWUF. The GCWUF faculty comprises of highly qualified teachers with PhD., M. Phil/MS and M.Sc. serving in different faculties of the University i.e. Faculty of Science and Technology, Faculty of Arts and Social Sciences, Faculty of Management and Administrative Science, and Faculty of Islamic and Oriental Learning. Fresh PhD faculty is also being placed at the University under the Interim Placement of Fresh PhDs (IPFP) Program. Under the Faculty Development Program, PhD scholarships with career opportunities are arranged through HEC programs in various disciplines.

Dr. Zill-i-Huma NazliDirector Advanced Studies

Directorate of Advanced Studies

This is the only Women University recently established in this area which is growing fast and accommodating almost 15000 students at present. Many innovative, need based cross cutting academic programmes have been introduced in this University within a short span of its establishment and many more are expected to be launched near future. This will help to meet the ever growing needs of fast moving textile industrial hub and business cosmopolitan city in particular and the central Punjab in general.

The Directorate of Advanced Studies has been established to streamline the functioning of different programmes that have been either already launched or to be launched in near future. The Directorate has also been entrusted to prepare and recommend new rules and procedures to further strengthening and improve the academic excellence.

The Directorate of Advanced Studies promotes and support quality education, and is responsible for making admission, enrollment, approval of supervisory committees, synopsis and organization of defense of synopsis and thesis. This regulates all the graduate, and Post graduate, programmes for admission.

Mission of the Directorate is to facilitate postgraduate students, researchers, and help them in the determination of research priorities and monitoring academic and research activities. The Directorate of Advanced Studies is striving hard to achieve excellence in all academic matters and to raise the standard of education. All the admission is strictly on merit base at undergraduate and postgraduate level, At post graduate level (MS/MPhil/PhD) a subject GRE is also conducted and only those students who qualify that test are considered for admission on merit basis.

All the activities of the Directorate of Advanced Studies are approved by the Board of Advanced Studies and Research (BASR) comprising of eminent academicians and researchers .The (BASR) reviews and revises the postgraduate rules and regulations. The Advanced Studies and Research Board tracks the students research process and appoint the supervisor and determine the subject of their thesis. It advises on all matters concerning promotion of Advanced Studies, publications and conduct of thesis in the University. The Board considers and reports to the authorities on the research degrees in the University.

In order to gain awareness of the University rules and regulations to the newly admitted students, the Director of Advanced Studies organizes orientation session. The Directorate also keeps keen vigilance on the student activities (academic/ research) and facilitates them to achieve their of goals.

Examination Policy Spring 2020 & Admission Policy Fall 2020 BS Programmes

In the backdrop of COVID-19 closure of universities, the online mode of instruction has become a central component of the teaching process at Government College Women University Faisalabad during Spring Semester 2020. Online classes of all BS, Masters/MS, MPhil and PhD degree programs were started from June 1, 2020 and continued until July 31, 2020. In compliance to HEC letter No DD-1 (QAA)/HEC/2020, dated, 21-04-2020, the online designated courses were approved from online Academic Council. In addition to this, following Examination Policies were developed in the light of the Guidelines issued time to time by Higher Education Commission for implementation in HEIs.

Examination Policy of Spring 2020

Mid Term Examination of online classes

Two assignments would be allocated to each student. The evaluation/marking of these two assignments would be counted as Mid Term Exam.

Final Examination of online classes

The total marks for final examination of an online course would be divided equally into three segments. For example, a course of three credit hour 3 (3-0), having total marks as 30 of final portion, would be divided as following.

Final Term Exam Marks Division, Course Credit hrs 3(3-0). Total Marks-30

Examination Policy Spring 2020 & Admission Policy Fall 2020 BS Programmes

8. Merit calculations will be made on the basis of 50% weightage to matric and 50% weightage to Intermediate Part I/ Complete Result of Part II (whichever is applicable) marks (subject to the condition that student is not failed in any subject of Part I/Part II.(Complete Result) 9. For Intermediate students of session 2020 Provisional admission will be granted subject to the condition that after declaration of result of intermediate part II (Complete Result), if the student fails to attain the minimum eligibility criteria, her admission will be cancelled and there will be no liability on the part of the university.

2-ONLINE CLASSES

The online classes during Fall 2020 would be conducted according to following framework.

Theoretical subjects

Hybrid mode of teaching would be adopted for the teaching of theoretical subjects in Fall 2020.

It was decided that the courses (weekly 2 classes) would be managed in two days. On first day, half of the students would physically attend the class in University and the other half would participate in class online at homes. The second day, the groups would be mutually exchanged. Teaching of courses (weekly 3 classes) would be managed in two weeks accordingly.

To facilitate hybrid classes, Chair Persons would divide each class of their departments in two groups to visit University in alternate days. Seven courses, i.e. English (ENG-321), (ENG-421), Islamic Studies (ISL- 321), Pak Studies (PS-321), Sociology (SOC-301), Computer Science (ICT-321), Chemistry (CHM 300), would be taught online during Fall 2020.

Besides these, each department would shift 20 to 25 percent of its courses online as per requirement of the observance of Covid-19 SOPs.

Practical Subjects

Departments having lab/Practical subjects would prepare their own framework/schedule/ group formation, keeping into consideration the Covid-19 SOPs, social distancing parameters and availability of labs.

Note: However the policy can be ammendend/rewised any time as per the prevailing COVID -19 situtation or instructions/guidelines recieved from HED/HEC/PHEC.

MS Asma Aziz
Director Student Affairs

Directorate of Students Affairs

The Directorate of Students Affairs establishes a liaison between students, faculty and University administration. It is an important component of university, offering a platform for curricular and co-curricular activities to explore, enlighten and polish the hidden capabilities of the students so that they can enjoy pleasant environment and deliver a series of programs to enrich the campus life. It is committed to enable all students to participate in an engaging, healthy, and active learning environment during their time at GCWUF, consisting of a variety of societies and clubs. It offers a wealth of programming, services, and resources to GCWUF students. There are many great ways to get involved in or off-campus by attending programs, joining a society or club, volunteering, and taking on a leadership role or working in campus. The whole team of Directorate of Students Affairs helps students navigate and reflect upon challenges and transitions, and empower them to become architects of their own learning and development. It also communicates the problems being faced by the students to help them in their amicable solution. The Directorate of Students Affairs has two wings one of vigilance committees that deals with the discipline and other co-curricular societies that deal with co-curricular activities in and outside the campus.

Vision, Mission, Objectives

The mission of the Directorate of Students Affairs is twofold:

- . To maintain discipline at the campus.
- . To sensitize the students against the menace of drug abuse through conducting seminars, workshops and awareness walks.
- . To create a positive learning environment that fosters successful learning and personal development, both in and outside the campus.
- To encourage students to initiate positive and constructive activities that help to achieve and improve the objective of building a balanced personality.
- To promote co-curricular activities and provide opportunities, resources, and support to help students by organizing inter-university debate competitions, functions, seminars, workshops, entrepreneur week, exhibitions, job fair, welcome parties and internships to make their stay in the University a rich experience of multi-dimensional growth.

Introduction

Department of Biochemistry is a newly established department of the university, comprised of highly qualified and experienced members who have PhD's from foreign and prestigious local universities with the specialization in Molecular Biochemistry, Enzyme Biotechnology, Pharmacogenetics, Clinical Biochemistry, Biotechnology and Industrial Biochemistry.

Vision

Vision of the department is to provide modern, rigorous and comprehensive learning for the students in different fields of Biochemistry and to enhance their ability to critically analyze and understand the scientific problems to produce quality research work. We want to train students so that they have the ability to collaborate and share their expertise with other disciplines of science as biochemistry lies at the intersection between several other branches of science, which is evident in the research output worldwide.

Mission

We aim to impart updated knowledge and research expertise to meet the present challenges in study, research work and industry. The Department of Biochemistry intends to provide affordable educational opportunities to develop scientific leadership, through learner-centered teaching and research, while strengthening our identity at National and International level.

Department of Botany is an established center for imparting knowledge relating to plants, their benefits to society and their relationship with environmental factors. It came into being as a separate department in 2014. The department has a competent faculty with research expertise in different specialties of plant sciences. The dedicated staff of Botany department is striving for excellence in order to compete with other national and international institutes of higher education in Botany. At present, the department is offering degree courses for BS, M.Sc., M.Phil. and Ph.D. programs. Higher studies in different research specializations of plants will make students capable of keeping pace with the recent research trends in Botany. The department has well equipped research labs with a number of nationally funded research projects in Tissue Culture, Plant Anatomy, Biodiversity, Stress Physiology, Environmental Biotechnology, Pomology, Molecular Biology, Plant Biochemistry and Plant-Pest Interaction. The department has established research facilities in the above-mentioned fields of specializations and the academia is focusing to broaden need-based research endeavors.

Vision

Vision of the department is the exploration of natural world of plants and dissemination of this knowledge to improve the environmental sustainability for sound environmental management and human well-being.

Mission

The mission of this department is to produce trained plant scientists equipped with dedication, motivation and enthusiasm to maintain and uplift the standard of life sciences to pursue cutting edge research in the country. The program have been designed to deliver a sound theoretical knowledge and practical expertise of plant sciences that would enables graduates to effectively address the local to global plant and environmental related issues. Moreover, we are aiming to ordain human capital with excellence in the changing scientific scenario through innovation and interactive learning and research.

Introduction

Department of Chemistry is a place for individuals seeking a personal and lasting education in chemistry. The department is paving the way in both education and research, setting the standard for innovative chemistry. The research carried out at the department is highly valued internationally and faculty have numerous research projects funded by national and international funding agencies. The department is committed to provide high quality research oriented education for young eager women folk. The faculty of chemistry department is comprised of highly qualified and experienced members having PhD's from foreign and prestigious local universities with the specialization in organic, physical, inorganic and analytical chemistry.

Vision

To establish the department to enhance our reputation as a world-class teaching and research institution which is recognized for its innovation, excellence and discovery and attracts the best students. Promote and perform cutting edge research by development of strategic partnerships with other departments, academic institutions and chemical industry.

Mission

Our mission is to train and mentor students as responsible scientists and scientifically literate professionals, involving them in all aspects of chemistry education, research, and service via interdisciplinary and international collaborative discovery, mentoring & leadership, and economic impact through technology transfer & entrepreneurship.

Introduction

The Department of Computer Science is one of the most prominent centers of computer education in Faisalabad. It was established as a separate department by offering BS(CS), M.Sc(CS) in 2014. The department aims to provide excellent computing facilities and ensure the enhancement of practical knowledge of students by facilitating them to learn scientific, engineering, commercial and social problems.

To equip the students with the knowledge to identify problems like manipulating data in data base, sending data over networks and to provide better computing solutions. Not only to provide students with good presentation and communication skills to grow adaptability for the work place for good participation in society but also to produce good research skills in our graduates. Our main Focus is to provide students with an understanding and appreciation of the social consequences of technology, including computers and ethical issues that may arise with new technologies.

Department of Computer Science aims to impart Computer related communication knowledge and skills to students along with sense of ethical and moral obligations. It educates and trains the students with current state-of-the-art concepts and technologies in order to produce high quality professional under –graduates to steer them in computer science world and its related fields for global challenges.

Introduction

Food scientists perform a critical role in developing and maintain our food supply. They use their knowledge of chemistry, nutrition and biology to develop methods of packaging, preserving, processing and distributing the foods that we eat each day. Food scientists commonly work in product development, where they lead teams of food technologists who conduct research and experiments to learn more about food and nutrition. As a team, they are sometimes able to identify new food sources or develop ways for making processed foods safer and healthier. In Pakistan, Food Science and Technology plays an imperative role in the economy of the country. Due to this importance, this precinct is growing rapidly in the

21st century. So, there is entire need to produce the fresh food scientists and technologists in order to tackle the current issues in the field of food processing and preservation.

Vision

A Program that focuses on the application of biological, chemical and physical principles to the study of converting raw agricultural products into processed forms suitable for direct human consumption and the storage of such products. Food scientists and technologists can get jobs in different fields like food industries, teaching institutes, research institutes, food storage departments, Punjab Food Authority and many other related organizations. Government College Women University, Faisalabad aims to initiate MPhil Food Science and Technology and PhD Food Science and Technology in order to improve the safety and quality of our nation's food supply and to explore the richness and depth of food and nutritional sciences.

Mission

Our mission is to pursue, excel and maintain a world-class women leadership role in the quest for knowledge by way of quality research, capacity building, consultancy and innovative outreach in order to contribute to food productivity and safety through sustainable value addition and natural resources management.

The Department of Information Technology at GC Women University Faisalabad was one of the unique in Faisalabad city with the aim to give IT education to female youth. The Department of Information Technology started BS (IT) 4 Years Program in year 2010, affiliated with Government College University Faisalabad (GCUF). On 3rd January 2013, GC Women College Madina Town got the status of University and now Department of Information Technology offering BS (IT) and MSc (IT).

IT Labs are equipped with E-learning for faculty and students. The Department of Information Technology following HEC instructions related to curriculum.

Vision

To render employable, self-disciplined and competent Information Technology graduates.

Mission

Our mission is to mold the students in to innovative and high-quality Information Technology professionals who can implement their skills in industry, business and other fields of life.

Faculty of Information Technology

1. **Ms. Suneeza Hamid**

Incharge / Assistant Professor MS (IT), KTH, Royal Institute of Technology, Stockholm, Sweden.

2. Ms. Madiha Kanwal

Lecturer

MS (CS), Government College University Faisalabad.

Introduction

Mathematics is the basis of all scientific studies. It is taught in almost all branches of science and arts as a compulsory subject. A general theory of mathematics is applicable in a number of fields. The programs are designed to give students flavor of a theoretical as well as applied dimension of mathematics.

Vision & Mission

The main aim of Department of Mathematics is to train professional mathematicians to study and to solve scientific and technological problems using mathematical techniques.

Faculty Profile

The Department of Mathematics has 13 full time faculty members with international reputations in a variety of research areas in pure and applied mathematics. Faculty members have won awards for teaching and research. They are frequent participants in national and international conferences. They are members of scientific organizations. The following is list of faculty members:

Faculty of Mathematics

1. Mrs. Sadia Fazal

Chairperson (Associate Professor)

2. Mrs. Waseema Shaukat

(Associate Professor)

3. Mrs. Nighat Fayyaz

(Associate Professor)

4. Dr. Asia Rauf

(Assistant Professor)

5. Mrs. Aasma Khalid

Introduction

Statistical procedures now form an important part of all fields of science, and procedures which have been developed for use in one field have almost invariability found important applications in a number of other fields. Statistical techniques being powerful tools for analyzing numerical data are used in almost every branch of learning. In Biological and Physical Sciences, Genetics, Agronomy, Physics, Geology, etc. Statistical techniques have been developed and are increasingly used. The students of the Department are offered core courses, a variety of specialized courses and are made proficient in use of statistical data analysis through statistical packages such as Minitab, SPSS, MSTACT, and EVIEWS etc. Free Statistical consultancy services are available to researchers of other disciplines in the university through qualified experienced statisticians.

Vision

- . To expand BS program to MS/M.Phil. and Ph.D. program in the near future.
- 2. To publish the research journal of the Department.

Mission

- 1. We are dedicated to help students understand, apply and appreciate statistics.
- 2. We are committed to conduct and publish outstanding research.
- 3. We are committed to improve educational environment in the Department.

Introduction

The Department of Physics at GCWUF aims to stimulate intellectual growth and instill knowledge, skill and confidence for a successful career in either science or other qualitative technical fields among its students.

Vision

To generate high levels of skills, lifelong learning, innovation and disseminate knowledge for global competitive advantage and become a leading academic and research platform.

Mission

The Department of Physics will work with great dedication to permute enthusiasm in young minds to discover their talents both in theoretical and practical physics not only for building a foundation of excellence but also for active participation in the community through dedication for teaching, researching and committing towards students with innovative instructional and research methods.

Introduction

To acquire international academic excellence and to produce high standard intellects among graduates and post-graduates the Department of Zoology is accommodating teaching and research in adverse areas including Molecular Biology, Fisheries, Physiology, Endocrinology, Microbiology, Entomology, Biochemistry, Biotechnology, Genetics, Biodiversity and Wildlife, Ecology and Animal behavior. The Department admits graduates to study for BS, M.Sc, MPhil and PhD degree programs in various fields of Animal Sciences. The academic staff of department comprises 1 Associate Professor, 8 Assistant Professors, 1 lecturer and 3 Teaching Assistants. The highly qualified and well experienced staff is striving hard to inspire students towards a career of modernization to help the academia to be able to participate in community development projects according to international standards. The establishment of the department is commitment towards developing a Center of Excellence.

excellence. The research activities of the department are being conducted under three main thrust areas viz Fishries, Molecular Biology/Microbiology and Physiology/Endocrinology. The department is committed towards developing the institute as a Center of Learning and the first modern Women University of the State.

Mission

Department of Zoology is entrusted with the task to strengthen and improve academic The department is striving hard to excel in training human resources in various fields of Animal Sciences. There is a robust graduate community taking admission in Department within a short span of its establishment. The department aims for monitoring the dwindling regional animal resources and to formulate strategies for the conservation of animal diversity of the State.

Introduction

Psychology is the study of human behavior and mental process. It has gained tremendous popularity all over the world. The need to research in many untouched areas is being felt in Pakistan too. Psychology has close links with many other fields of study and it can help the students of literature, linguistics and sociology etc. in many ways.

The Department of Applied Psychology at GCWUF is very well reputed and proudly asserts the experience, expertise and dedication of its faculty members who always exert their sincere efforts to help the students to form vision and temperaments for research in all the challenging avenues. Its BS and M.Sc programs will prepare students to redress the problems faced by our country at this moment with a new insight through a profound study of psychological factors affecting the state of affairs.

Vision

The Department of Applied Psychology is an energetic place of learning psychological concepts, understanding realistic view of life and having self-awareness towards the maintenance of equilibrium in both work and life. Rigorous and continuous struggle is going on for the application of professional knowledge and building skills sets to prepare the students as workforce, to get along with competitive world.

Mission

- To understand and solve students' problems and maintain equilibrium in their life
- To create self-awareness among the students which helps them to become a fully-functioning person
- To enhance and apply psychological knowledge
- To plan and design scientific research in social sciences
- To build skills for conducting psychological assessment/testing

Introduction

Economics Department is one of the preeminent teaching department of this new born university of Pakistan. The Department offers exceptional opportunities for undergraduates, graduates and researchers. New ideas and new directions in economic research are being developed and pursued with vigor by the high-profile faculty. Both undergraduate and graduate students are actively engaged in learning and research activities.

The faculty of the department has multidisciplinary and diverse interests in the latest fields of Economics. All of them are actively involved in research and publication activities. Faculty members have also served on higher positions at national level in different institutions.

Vision

To achieve broad and increasing recognition of its programs among public and private institutions in the region, and to equip students with skills to implement theoretical and applied research in order to resolve problems confronting the economy.

To achieve recognition among other universities, the department offers a curriculum that is in line with HEC and reflects the current state of knowledge and skills. Our target is to impart recent skills among students so that they can compete in the global economy.

Programmes Offered . Master in Education B.Ed. (Hons) Elementary in Education Associate Degree in Education (ADE) B.Ed. (1.5 Year) Programme Education

Education is the backbone of every nation. The standard of education needs to be constantly raised to cater the demands of a fast-moving age. The department of Education aspires to produce competent education—ists, inspired by new zeal and equipped with modern theories and meth—ods. The teaching methodology all over the world has undergone a mas—sive change over the past few years. Our system of education needs to be revised extensively to meet the requirements of the modern age. De—partment currently has three programmes MA Education (Two Years), B.Ed. (Hons) Elementary in Education (4 Years) and Associate Degree in Education (ADE) (2 Years) and also B.Ed. (1.5 Year). Department has highly qualified and competent faculty members to fulfill the student's needs.

Vision

True excellence in education requires a commitment to equity and social justice. Thus, we strive to prepare creative, culturally competent, critically reflective graduates who possess deep knowledge in their fields of study and work collaboratively to achieve high quality education and contributing to the recognition of teacher education programs at national and international.

Department of Education prepares students to take responsibility for citizenship and service in the global community. This preparation takes place in several ways. The Department seeks to develop future teachers who are not only well-educated in their disciplines, but are also culturally responsive, caring, and knowledgeable in their interactions with students and their families. The department also intends to provide quality education

Mission

Department of Education prepares students to take responsibility for citizenship and service in the global community. This preparation takes place in several ways. The Department seeks to develop future teachers who are not only well-educated in their disciplines, but are also culturally responsive, caring, and knowledgeable in their interactions with students and their families. The department also intends to provide quality education to prepare reflective educators who possess theoretical knowledge as well as practical mastery of pedagogical techniques and information communication technology that can face future challenges in the educational sector with confidence and also play a basic and honorable role in the Muslim culture. In these ways, knowledge, competence, and service come together in our students to nurture a lifelong commitment to the democratic quest for excellence and equity in our schools and society.

Introduction

The Department of English of Govt. College Women University, Faisalabad is the most important Department of the University as it caters the needs of all the Departments of the University by teaching English Compulsory courses, hence developing and maintaining close bondage with other Departments. It has contributed immense creative and literary activities to the University credit. The Department of English flourished and upgraded with Govt. College for Women Faisalabad and it started degree classes in 1984. Post-graduate classes commenced in 1987. The BS English programme started in 2010. A large number of students are developing a critical understanding of literature and life under the guidance of highly inspirational and insightful teachers. In order to promote research, Research Methodology has been made an integral part of the syllabi designed for all the courses of the Department. The Department has introduced a new programme MPhil English (Applied Linguistics) in 2019.

Vision

To enable the students to develop a critical understanding of life through English language, literature and linguistics, and to inculcate in them the ability to communicate their ideas accurately and fluently in their practical and professional life

Mission

We aim to enable the students to use their learning to tackle the professional and social issues as well as to comprehend them in a new perspective. The most important task is to make them realize their worth in society as women and motivate them to foster a positive change in the conventional and stereotype image of women. Moreover, it aims at mobilizing women towards women empowerment and also to motivate them to play an active social role especially as students, workers and teachers.

Introduction

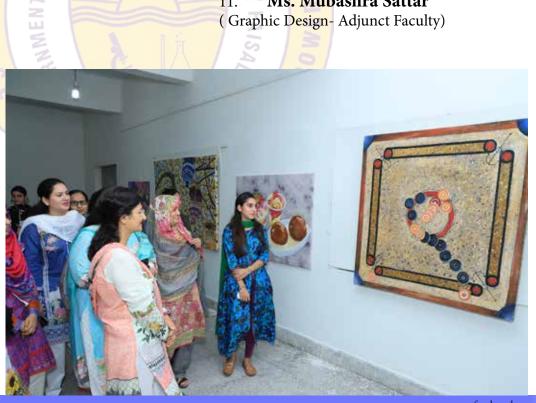

Department of Fine Arts was established in the late 1950's. It is the oldest Fine Arts Department in the city of Faisalabad. The Department started its first intake of Bachelors of Fine Arts in October 2015. It offers high quality specialized education in Fine arts including Painting, Miniature Painting and Printmaking and it has started offering Graphic Design as Major since 2018. In keeping with the decades old tradition of imparting knowledge and power of critical thinking to the students, Department of Fine Arts remains dedicated to the teaching of Fine Arts and Design while encouraging curiosity and experimentation among the emerging Artists in the field.

Vision & Mission

In keeping with the university's goal of Women Empowerment through quality education, the heart of our program is the individual artist's quest for beauty, harmony, unity and thought-provoking artwork. With solid technical foundation, the current generation of young Artists and Designers may revive a higher form of Visual Experience. By promoting cultural ideals of craftsmanship, mastery and ingenuity, we celebrate the individual emergence of creativity. We hope to prepare our future artists and designers with the capacity to use their art as an instrument for social change and for positive impact on the society.

Since 2013 Pakistan Studies is taught in GCWU Faisalabad, as minor subject, where as at Intermediate level. It is taught as a compulsory subject. The department is offering the following course to be taught as minor subject in various departments. The course code is PST: 321. The social Studies as a compulsory subject were introduced at elementary and secondary level in 1960. Later on, in 1976 the name of the course of social Studies at secondary level was changed to Pakistan Studies and remained as a compulsory subject. The subject is taught by means of a "unified approach" which involves the geographical, historical, Political and Constitutional background of Pakistan, the Muslim Ummah and the World. At each level, appropriate emphasis underlies the development of the subject as an integrated whole of Pakistan, the evolution of Pakistan in Muslim Ummah and the World. The students are taught about the natural resources, industrial resources, business and trade of his/her own country set in a broad World context. He/she learns about the genesis of the idea of Pakistan, the freedom movement which brought it about and of its development into a nation, the state of Pakistan which centres on the "objective resolution" and the state policy. It includes the study of people, and the culture of Pakistan, the education system of Pakistan and the world affairs, and the relation of Pakistan with Muslim countries. The student also acquires an understanding of his/her own right and duties and of their fellows and in return leads him/her on to an understanding and appreciation of the responsibilities and obligations of citizenship.

In the line of University's mission of providing instruction, research and dissemination of knowledge of the world to student body, the department is committed to develop its capacity in all fields of Pakistan Studies. For this purpose, the scheme of studies of the Department is three fold focussing on Pakistan, Muslim World and rest of the World. The Department of Pakistan Studies is dedicated to the pursuit of excellence and diversity. We would like to see our students, after graduating from Government College Women University Faisalabad, to excel in all fields of life.

Mission

The Pakistan Studies provides for the development of healthy attitudes of the individuals to the community, an appreciation of the cultural heritage, and understanding of the need for economic stability, a respect for labours of those who help to achieve it. In this way, the spirit of give and take is developed in the community, so that the qualities of resourcefulness, independence, perseverance, integrity and moral courage are developed and respected.

The Pakistan Studies also develops activity and the capacity to plan, shown by collection, classification and selection of information on variety of topics, much of it by means of field trips and visits to places of local, cultural and historical interest.

The scope and range of Pakistan Studies are such as to lend themselves very readily to the development of national pride and to the inculcation of a spirit of patriotism qualities upon which policies by greater stress. The subject may therefore, is regarded as a key one in the attainment of the national objectives and of pride in our cultural heritage. These are such important but fundamental attributes of the course which are needed for development of a true Pakistani and therefore, the subject enjoys a unique status in the academic programme at all levels of education.

The Department of Political Science & International Relations GCWUF is among the oldest departments of this institution offering BS 4-year degree programme in the said field of study. The department endeavors to produce such graduates who out- shine the rest of the lot from other universities of Pakistan by putting special emphasis on imparting quality education coupled with the consideration to research in this field of study. Learned and experienced faculty is in a perpetual struggle to meet the world class standards of inculcating quality education. The faculty also exudes an insatiable thirst to update and better the academic environment. The department always furthers all sorts of academic and extra-curricular support to its students. The department also endeavors to touch the zenith of educational and academic glory by continuous hard work.

Vision

The department of political science & International Relations GC Women University, Faisalabad wishes to establish its future through Quality Research Work and Creation of scholarly Learning Environment in the university. The vision will inspire the department to improve the Service Delivery in Higher Education at University level by enabling the students of locality through international best learning practices.

Mission

The department of political science & International Relations GC Women University, Faisalabad is committed to create and disseminate knowledge to achieve the goals enshrined under the vision statement of the University. The department will focus on the Academic & Research Excellence along with the development of the students to prepare them to compete on the local as well as Global Knowledge Based Market. Students of political science hone their presentation and verbal communication skills as they share their work with faculty and peers. Political science majors refine their analytical skills while exploring policy initiatives and considering the ramifications of government actions. Since political science majors study the process for generating public policy and the implications for implementing various policies, the role of policy analyst is a natural application of their work as a student. Policy analysts rely on strong critical thinking, writing and research skills as they formulate statements about the nature and impact of proposals for public policy.

Introduction

Sociology is the scientific study of human relationships and their consequences. Sociological knowledge is applicable at Individual, Family and Societal level. So on increasing demand of the subject, a four years program B.S (Hons) in Sociology was introduced in 2013. B.S (Hons) in Sociology is a broad based interdisciplinary degree which gives a deep insight to the students about a wide range of social sciences. The course outline for BS Sociology has been designed to introduce the students with Evolution of Humans, Culture, Character and Dynamics of the Societies, types of Social Systems, Socio-Economic Changes, Globalization and its role towards changing Gender relations in various Societies. Thus the program will enable the students to carry out the research on different Socio-Cultural and Economic problems in the Society and graduates will get ample opportunities for a variety of jobs in the Society.

2 years program of M.Sc. Sociology has also been started in 2015. Moreover we are also planning to start M.Phil. Program soon.

Vision

The vision of the Sociology Department is to create an environment that will nurture, Shape and inspire the students to be committed to excellence, faith, leadership and service to others.

Mission

The mission of Sociology Department is to provide Sociological knowledge to the student which is relevant to their practical life. Moreover efforts are being made to discover the broad patterns of Interaction of Social life that influences the Social Behavior. This is further strengthened by carrying out research on Socio-Economic, Cultural, Environmental and Political Problems in Pakistani Society.

Introduction

The syllabus of Bachelors of Business Administration is designed to give students a business degree in banking and finance. The students will have an opportunity to deepen their understanding of business ventures in the entrepreneurship courses, which induce setting up of a business. The BBA program develops business leaders through knowledge and key skills that form part of the course. It also gives strategic direction to the students, influence people and make good use of financial, technical and human resources. The BBA program of GCWUF helps students develop their creative thinking that will enable them to realize their maximum potential. They will benefit from the expertise of our faculty members who are practitioners and consultants in the field, and who will share their experiences of management and organizational cultures with the students to prepare them for the challenging environment.

Vision

To be recognized for world-class research and education at both undergraduate and postgraduate levels, attracting staff and students of the highest quality, and engaging them productively with civic society at national and international platforms. In two to four years, the Department aspires to be a leading business department.

Mission

To undertake research and teaching of an international standing that encourages staff and students to engage critically with practice and policy and to deploy their professional skills in an engaged, enlightened and enterprising manner.

Welcome to the department of Public Administration of Govt. College Women University, Faisalabad (GCWUF). We're a dynamic association of public servants, academics and others interested in public administration.

Since our founding in 2015, MPA Department of GCWUF has led Public Administration research and has exported successful public sector expertise around the country. Our mission is to promote excellence in public service and we do that a number of ways through our prestigious publications, conferences, awards of excellence and knowledge networks. Public Administration can be broadly described as the development, implementation and study of branches of government policy. Public Administration is linked to pursuing the public good by enhancing civil society and social justice. Though public administration has historically referred to as government management, it increasingly encompasses Non-Governmental Organizations (NGOs) that are not acting out of self-interest. As a field, public administration can be compared to business administration, and the MPA viewed as similar to an MBA for those wishing to pursue governmental or non- profit careers. An MPA often entails substantial ethical and sociological aspects not usually found in business schools. There are derivative and related degrees that address public affairs, public policy, and the like. Differences often connote program emphases on policy analysis techniques or other topical focuses such as the study of international affairs as opposed to focuses on constitutional issues such as separation of powers, administrative law, problems of governance and power, and participatory democracy.

Vision

Department of public Administration at Govt. College Women University's vision is to be an agent of change to develop and enhance public leadership through education, scholarship and service. The department of Public Administration is uniquely placed to prepare current and emergent leaders in local, regional, national and global communities. Department of Public Administration commits itself in providing excellent academic research, advocacy training in order to promote quality in public service, develop a high level of competence in the formulation of public policy In order to better meet the distinctive needs of students in different career tracts, separate curriculums will be developed for students planning a career in government and for students seeking a managerial position in a nonprofit organizations. We aim to contribute to the integrity, effectiveness and transparency of the next generation of trusted public leaders.

Mission

The mission of Public Administration Program at Govt. College Women University strives to meet the needs of current and future public managers. It aims to provide educational opportunities that enable them to become ethical, skillful, creative, and inspirational leaders & to give practicing professionals a learning environment that supports, develops and assists them in enhancing their skills and professionalism in the varied fields related to public management. The curriculum, scheduling provide a unique blend of practical knowledge and professional skills, rooted in a strong understanding of the theories of public administration.

Right from the inception of Govt. College Women University, Faisalabad in 1934; the department of Urdu has played a prominent role in the promotion of Urdu language & literature. In 1985, post-graduate classes were started in Urdu & since then our students have not only won gold, silver & bronze medals on their academic achievements but also created new academic records. In 2013, it has been upgraded to university & M.Phil. (Urdu) classes started. In 2014, Ph.D. (Urdu) classes were started. The department is making every effort to encourage & nourish creative talent as well as research attitude of students. Urdu language has become a craze all over the world & it has connected us with the literary tradition & great works of cross cultural literary students plus new critical theories prevalent in the modern literature.

Vision

No nation in the world has ever progressed without mastering their own national language & literature. The literature of every language is its real asset. Urdu being not only our national language but it is also regarded as one of the most popular oriental languages. Urdu has a vital role in nation building; therefore, it becomes imperative to teach it on scientific grounds, in simple & interesting ways for much better understanding of Urdu language & literature. Our ambition is to produce such researchers that not only revive the classic heritage but also pass on this rich heritage to future generations. It is also our vision to merge classics of other languages by translating so that a universal literature come into exist.

Mission

Our mission is to provide high quality research environment. We also make efforts for the development of Urdu language. It is our ambition to glory the image of the university.
